

## HOMEWORK POLICY

At Pristine, Homework forms an essential part of the school's learning program. Assignments vary in accordance to the needs of the class and relate to classroom instruction. Homework guidelines have been formulated for students, parents, teachers and administrators ensuring that all carry the responsibility for the success of the implementation of the homework policy.

### Aim

Homework contributes toward building responsibility, self-discipline and lifelong learning habits. It is the intention of Pristine School to assign relevant, challenging and meaningful homework assignments that reinforce classroom learning objectives.

### I. Framework for Assignment of Homework

- Homework should provide students with the opportunity to *apply information* they have learned, complete unfinished assignments and develop *independence* in their learning process. It should also motivate students to develop *good working habits* while increasing the opportunity for individual initiative and responsibility.
- Homework assignments must serve as a tool for teachers to assess student understanding of classroom instruction. Homework assignments will include:
  - Practice exercises to follow classroom instruction
  - Preview assignments to prepare for subsequent lessons
  - Extension assignments to transfer new skills or concepts to new situations
  - Creative activities to integrate many skills toward the production of a required response or product.
