

Subject: Annual Concert of Year-2

The Merchant of Venice

Tuesday, 16th October 2018

Dear Parents,

4th October 2018

Annual Concert is here again! Every year our young *Pristinians* leave us mesmerised with a fascinating display of creative talent through the universal language of drama, dance and music.

The purpose is to introduce and foster appreciation of the visual arts, encourage young musicians and dancers, and create a connection between cultures and races. It is also a great learning experience for the students to know that people can work together to create something beautiful, be it any role, small or big! Moreover, they are truly important for children's healthy, emotional and intellectual development, while building confidence and sensitivity in children.

This year we are treading a different path, away from the enthralling performances we did in the past years with fascinating fairy tales and children's stories...

Could you believe it! Our Year 2s will be PERFORMING SHAKESPEARE!!

Shakespeare is 400-year-old poetry! Drama in verse style that resonates with world-wide audience even in the 21st Century. It is fascinating to see our young students who are getting ready to perform a play of such a grandeur and royal stature. It's their ability to demonstrate their creativity, their confidence and their unbelievable skill to express themselves which has given us the impetus to embark on this grand scale.

Call for a perfect audience...

Our students are working hard to stage their performance and deserve a perfect audience. Your appreciation and support are vital for events such as this and would not be possible without a strong home school partnership.

To ensure that the same, we would like to inform you that the Annual Concert invite is meant for Year 2 parents only. Please take note that siblings will strictly not be allowed in the MPH.

Looking forward for your cooperation as always.

Best Regards,

Shagufta Kidwai
Principal
