

Dear Parents,

7 October 2017

**Subject: Annual Concert of Year 2**

Hansel and Gretel

and

The Creepy Woods

**Thursday, 12<sup>th</sup> October 2017**

Annual Concert is all about celebrating the inherent talents of all our students and aims to unlock creative doors, and bring alive a world that is unknown and fascinating. The purpose is to introduce and foster appreciation of the universal language of drama and music, encourage young musicians, and create a connection between cultures and races.

It is a great learning experience for the students to know that people can work together to create something beautiful! Moreover, they are truly important for children's healthy, emotional and intellectual development, while building confidence and sensitivity in children.

Our students have been working hard to stage their performance of the year and deserve a perfect audience. Your appreciation and support is vital for events such as this, and would not be possible without a strong home school partnership.

***To ensure that the function is a success, we would like to inform you that the Annual Concert invite is meant for Year 2 parents only.***

***Please take note that siblings will strictly not be allowed in the MPH.***

Looking forward for your cooperation as always.

Best Regards,

*Shagufta Kidwai*  
Principal
