Pristine Private School **TEDEd Club**

Since its inception in 2016, the TEDEd Club program supports students in discovering, exploring, and presenting their big ideas in the form of short, TED style talks. Being a member of TEDEd Club, allows students to work together to discuss and celebrate creative ideas. TEDEd club follows a fixed curriculum to guide students to help inspire tomorrow's TED speakers and leaders. The school's TEDEd club successfully implemented the curriculum not only to further develop presentation and public speaking skills of students, but to create empowered students who can voice their opinions in their communities and beyond.

The TEDEd club talks were presented at home during the COVID 19 lockdown in June 2020. Please click the links on the next page to watch our top three students' TED Ed Club videos:
